Response

The applicant accepts the application as deposited in the USPTO. The applicant acknowledges that Figures 10 and 12, described in the original specification, were omitted from the application as originally filed. Applicant does not desire to supply the omitted items, and has instead amended the application to cancel all references to the omitted drawings. The applicant has also elected to re-label the drawing figures to be numbered consecutively, and to correct the references in the specification to the drawing figures to correspond with the relabeled drawing figures.

The specification has been amended remove all reference to omitted Figures 10 and 12. The specification was also amended to reflect the re-labeling of Figures 11 and 13 as Figures 10 and 11, respectively. All of the amendments are fully supported by the specification, claims, and figures as originally filed. No new matter is believed or intended to be involved.

The drawings were amended in accordance with the amendments above. Figure 11 has been re-labeled as Figure 10. Figure 13 has been re-labeled as Figure 11. No new matter is believed or intended to be involved.
